

FORESHORE AND SEA-BED (RECLAMATIONS) ORDINANCE (Chapter 127)

(Notification under section 5)

WORKS FOR OFFSHORE WIND MONITORING STATION AT
SOUTHWEST OF LAMMA ISLAND

Notice is hereby given that the undertaking described in the Schedule below is proposed. A copy of the plan delineating and describing the proposed undertaking and the sea-bed to be affected thereby has been prepared and may be inspected by the public free of charge on the Lands Department website (www.landsd.gov.hk) under Government Notices, at the Lands Department Survey and Mapping Office, 23rd Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong (where copies can be purchased on order) and at the Islands District Office, 20th Floor, Harbour Building, 38 Pier Road, Central, Hong Kong during the following hours:—

Lands Department Survey and Mapping Office

Monday to Friday	8.45 a.m. to 5.30 p.m.
Saturdays, Sundays and Public Holidays	closed

Islands District Office

Monday to Friday	8.45 a.m. to 6.00 p.m.
Saturdays, Sundays and Public Holidays	closed

Further queries regarding the proposed works can be addressed to the District Lands Office, Islands, Lands Department, 19th Floor, Harbour Building, 38 Pier Road, Central, Hong Kong (Telephone No.: 2852 4265).

Any person who considers that he has an interest, right or easement in or over the sea-bed so described may, by notice in writing delivered to the Director of Lands, 20th Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong before the expiration of two months from the date of this notice, object to the proposed undertaking. The notice of objection shall describe the interest, right or easement of the objector and the manner in which he alleges he will be affected.

SCHEDULE

<i>Sea-bed affected</i>	<i>Description of the undertaking and the manner in which the sea-bed will be affected by the proposed undertaking</i>
Approximately 2 030 square metres of sea-bed situated at about 4 kilometres Southwest of Lamma Island as delineated and shown edged red on a plan, numbered ISM1859c, deposited in the Land Registry.	Site investigation and installation of approximately 8 marine piles by proposed percussive piling to form the foundations of a temporary offshore wind monitoring station which will not exceed a height of 80 metres above sea level.

The area of sea-bed affected is shown on the plan on the next page for identification purposes only. The area is more particularly shown on the plan numbered ISM1859c above referred to.

17 September 2010

G. M. ROSS *Deputy Director/Specialist, Lands Department*
