

FORESHORE AND SEA-BED (RECLAMATIONS) ORDINANCE (Chapter 127)

(Notice of authorization under section 9)

WORKS FOR OFFSHORE WIND MONITORING STATION AT
SOUTHWEST OF LAMMA ISLAND

It is hereby notified that the undertaking in relation to the foreshore and sea-bed described in the Schedule below as mentioned in G.N. 5923 published under section 5 on 17 September 2010 and 24 September 2010 was authorized under section 7 by the Chief Executive on 15 February 2011.

A copy of the plan relating to the proposed undertaking and a copy of this notice may be inspected by the public free of charge on the Lands Department website (www.landsd.gov.hk) under Government Notices, at the Lands Department Survey and Mapping Office, 23rd Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong (where copies can be purchased on order) and at the Islands District Office, 20th Floor, Harbour Building, 38 Pier Road, Central, Hong Kong during the following hours:—

Lands Department Survey and Mapping Office

Monday to Friday	8.45 a.m. to 5.30 p.m.
Saturdays, Sundays and Public Holidays	closed

Islands District Office

Monday to Friday	8.45 a.m. to 6.00 p.m.
Saturdays, Sundays and Public Holidays	closed

Any person who considers that he has an interest, right or easement in or over such sea-bed that will be injuriously affected by the undertaking may deliver a written claim for compensation for the injurious affection to the Director of Lands, 20th Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong before the expiration of 1 year from the date of publication of this notice in the *Gazette*, stating the sum of money which he is willing to accept in full and final settlement of his claim together with such particulars as he may possess to substantiate the claim.

SCHEDULE

Sea-bed affected

Approximately 2 030 square metres of sea-bed situated at about 4 kilometres Southwest of Lamma Island as delineated and shown edged red on a plan, numbered ISM1859c deposited in the Land Registry.

Description of the undertaking and the manner in which the sea-bed will be affected by the proposed undertaking

Site investigation and installation of approximately 8 marine piles by proposed percussive piling to form the foundations of a temporary offshore wind monitoring station which will not exceed a height of 80 metres above sea level.

18 February 2011

G. M. ROSS *Deputy Director/Specialist, Lands Department*
