數碼航空照片 (DAP)

引言

數碼航空照片是以原航攝膠片(由地政總署於 1963 年及後所拍攝)利用高精度掃描儀以 1,800dpi 或更高的解像度製作而成。數碼航空照片適用於攝影測量用途。有關航空攝影相機檢測數據(如仍有保存),將於購買數碼航空照片時一併提供。

格式

數碼航空照片祇提供柵格數據格式,以 DVD 影碟為儲存媒體。每張黑白及彩色數碼航空照片的數據檔案容量約為 300MB 及 1.1GB。

購買價

每幅數碼航空照片的收費為港幣 565 元。版權費用將根據現正運作模式執行。

Digital Aerial Photos (DAP)

Introduction

Digital Aerial Photos were produced from original aerial films (taken by Lands Department in Year 1963 and thereafter) by means of high-precision photogrammetric scanner at a resolution of 1,800dpi or better. Digital Aerial Photo is suitable for photogrammetric measurement. In purchasing the Digital Aerial Photo, relevant camera calibration report, if applicable would be provided correspondingly.

Format

The Digital Aerial Photo is provided in TIFF Format and the delivering media is DVD. The file size of Black & White and Colour aerial photo images is about 300MB and 1.1GB respectively.

Purchase Price

Price of Digital Aerial Photo is at HK\$565 for each photo. Copyright charge is same as the existing rates of digital map in SMO.
