Land Survey Authority Circular No. 1/2002

Application for reinstatement as an ALS

In response to an enquiry for reinstatement of a registration after removal from the ALS register, the Land Surveyors Registration Committee had ruled that a person who had discontinued registration as an ALS for more than 3 years would be refused reinstatement. That person would need to reapply for registration as an ALS as according to section 16(5) of the Land Survey Ordinance. For reinstatement of name within 3 years from the discontinuation of registration, the person may apply for reinstatement in a procedure similar to that of a renewal application and using form SMO-F51(01/2002). Notwithstanding the above, the Committee may in accordance with section 16(5) of the Land Survey Ordinance refuse an application for reinstatement and require an applicant to reapply for registration.

A copy of Form SMO-F51(01/2002) is attached for your information. For enquiries, please contact Senior Land Surveyor/ Legislation at telephone number 2231 3343.
