Circular Memorandum No. 50

Lands Department Consent Scheme

- I. Variation of terms for consent to sell uncompleted private residential developments**
- II. Consent to sell pending completion of lease modifications**

With immediate effect, Government has decided that the following consent terms shall be varied:

I. Variation of terms for consent to sell uncompleted private residential developments

(a) Signing of Preliminary Agreement in Public Sales :

In respect of public sale, the requirement that the preliminary agreement must be signed only by the registered applicant (or successful applicant in a ballot) is amended. A named attorney, without any power or right of substitution, will be permitted to sign the preliminary agreement in the name and on behalf of the applicant.

(b) Private Sales :

The following requirements are dispensed with:

- (i) the submission of Schedules disclosing the names and identity of private purchasers; and
- (ii) the need for Agreements for Sale and Purchase to be signed and deposits paid before selection of units in public sale.

(c) General :

- (i) The definition of "exempted units" and the related provisions will be deleted.

- (ii) The requirement to submit to LACO audited and unaudited reports on the conduct of sales proceedings and unaudited monthly returns on the progress of sale is suspended.

The above changes take effect immediately, and apply also to all developments for which the consent has already been given. LACO Circular Memorandum No. 40 as previously varied is hereby further amended. The terms of this Circular Memorandum and any consequential variations to the conditions on which consent has been issued will be deemed, with immediate effect, to be incorporated into the conditions of all consents already issued which contain the relevant conditions and those consent letters are deemed to be varied to that effect.

Except as varied by this Circular Memorandum all other terms of existing consents and the Consent Scheme remain in full force and effect. In particular, the following requirements are retained:

- (i) the consent to sell shall not take effect any earlier than 20 months before the estimated date of compliance as certified by the Authorised Person;
- (ii) the requirement to specify in advertisements the respective numbers of units offered for public or private sale;
- (iii) the private purchasers to sign the formal Agreement for Sale and Purchase and pay a deposit on the same basis as public purchasers; and
- (iv) the provision of a price list to purchasers 7 days in advance of the sale of units and a revised price list one day in advance for any additional units to be offered for public sale.

II. Consent to sell pending completion of lease modifications

Under the Consent Scheme, LACO will not give consent to sell until all approvals required under the land grant (e.g. to the Design Disposition & Height, Master Layout Plans etc) have been obtained. The consent could be held up because a modification of the land grant conditions is required to be completed before the approval of plans etc under the land grant would be given.

It has now been agreed that, in situations where only a technical modification is required (examples are set out in Appendix I attached hereto), LACO will not insist on completion of the technical modification prior to giving consent to sell, which will then be on the following additional terms:

- (i) the technical modification must be executed by the grantee and shall be registered by Memorial in the Land Registry prior to entering into the first Assignment of any Unit or other interest in the lot;

- (ii) the sales brochures to be made available to intending purchasers shall fully disclose the nature of the technical modification and the specific lease condition(s) to be modified.

— The Agreement for Sale and Purchase shall also contain an express provision reserving to the grantee the right to execute the modification without joining in the purchasers. The revised Clauses for the Agreement for Sale and Purchase are at Appendix II. Where these approved Clauses are inserted, the Agreement for Sale and Purchase will still be regarded as being in the standard form for the Consent Scheme and need not be submitted to LACO for specific approval unless there is any variation made to them.
